## Re: Sonic The Hedgehog #67-

Dear Sonic-Grams,

I agree with Kendra Brown's letter 100%! Sally belongs with Sonic, not Antoine or Knuckles or anybody else! I'd also like to say that I'm very disappointed in King Acorn for making Sally choose between her true love (Sonic) and her right to the throne.

Sandra K. Crewe (age 15)

Canada

Dear Sonic-Grams,

In response to Kendra Brown's letter, I have to agree with her. Sonic's heart would be obliterated if Sally even thought of going with Knuckles. Sally may be a player and all, but deep down inside she loves Sonic with all her heart.

Danielle Hardy (age 17)  
Detroit, MI

Dear Freddy,

I am responding to Kendra Brown's and Cliff Tunnell's letters printed in Sonic-Grams #64. I agree with Kendra partially. The part I agree on is that Sonic and Sally have been together much more than Knuckles and Sally. Besides, Sally said she loves Sonic (Sonic Super Special #2, page 32, panel 1) and Sonic loves Sally (Sonic #50 page 26, panel 4 and (Sonic Super Special #6, page 39, panel 4). As for a girl for Knuckles, I think a likely candidate is Julie-Su.

Anthony Randolph  
Dillwyn, VA

These are just a sampling of some of the letters we've been receiving on the subject. What do you think? We'd like to hear from you!

Hello, my favorite blue blur.

I wrote to discuss how issue #67 "blue" me away. Let me start off by saying "great job!" I loved the "Indiana Jones" theme (after all, he is my favorite human character). Also, am I mistaken, or is that a ROBOTNIK-made spacecraft? If so, lose it! Robotnik is a very tired foe. I've enjoyed these past ten issues (they're very exciting!). I have enjoyed the exploration of Mobius with you and Tails. The backup story was very interesting. Did Lupe and the Wolfpack appear in the cartoon?

Yours "bluey",  
Nerk2@aol.com

Thanks for the compliments on SONIC THE HEDGEHOG #67. Nerk2. What you refer to as a Robotnik-made spacecraft are actually his satellites still in orbit above Mobius. And yes, Lupe and the Wolfpack made their first appearance in the cartoon episode entitled "Cry of the Wolf."

Dear Sonic,

I just got done reading "Tomb Raider" starring Sonic the Hedgehog. I think it was great. 1) How come you switch one ring for the Ring of Acorn? 2) How come Tails did not come with you when you went to the temple?

GADE111@aol.com

1) Sonic figured the ring's shape, size and weight would be about the same so the frog he was tripping would not know he took the real one. It obviously didn't work, but Sonic being Sonic was ready for it. 2) Someone had to

stay with Nate. Besides, Sonic wanted to handle it alone.

Hello Sonic Comics,

It's the week before Christmas, and what better way to celebrate the holiday than with picking up a copy of Sonic #67 and Knuckles #21. First off, Sonic #67. It was totally unexpected for Sonic and Tails to make an unexpected stop, plus bring Nate Morgan back home. The story reminded me of the great Indiana Jones. I also enjoyed the back-up story with Lupe and the Wolfpack. Hope they make it home safely. Then I read about Knuckles encounter with Harvey and Geoffrey St. John's discovery of Prince Elias and Queen Alicia. And now it's time for the homecoming in Sonic #68 next month. I have a few questions to ask: 1) How will Sally and the others react to the discovery of the lost prince and queen? 2) What surprise is Sally preparing for his 16th birthday? and 3) Is it true that you will do a Sailor Moon-Sonic The Hedgehog crossover in SSS #8?

JGG060@aol.com

1 & 2) If you read issue #68, you already know the answer. 3) No. In SSS#8, Sonic meets Sally Moon from another zone (which is an homage to Sailor Moon).

Well, that's it for this month. Thank you all for your comments. See you in thirty. And remember...

# COMING ATTRACTIONS

In three weeks: In a story called "The First Date," Knuckles agonizes over his feelings for Julie-Su. This story sends him on a journey that makes all the adventure and intrigue in recent issues seem like a walk in the park. Witness this romantic comedy as brought to you by Ken Penders, Chris Allan and Andrew Pepoy. Also, a Mighty The Armadillo solo story. **KNUCKLES THE ECHIDNA #26** on sale mid-May 1999!

Next Month: The Freedom Fighters reunite in secret to investigate the mysterious satellites and who might be behind it all. You have three guesses - and the first two don't count! "The Truth Is Out There" is written by Karl Bollers with art by Butler and Eklund! Also, "Tales of the Great War" continues. **SONIC THE HEDGEHOG #73** on sale late May 1999!
